Starbucks History

1992 - The first company to offer stock options to its part-time employees, Starbucks becomes a publicly-traded company. being traded on the Nasdaq National Market under the trading symbol "SBUX."

1995 - Begins serving Frappuccino® blended beverages.

1996 - Joins with Pepsi-Cola North America to begin selling bottled Frappuccino® coffee drink – our first ready-to-drink beverage. Opens first store outside of North America in Japan.

1997 - Establishes The Starbucks Foundation, benefiting local communities.

1998 - Acquires Tazo, a tea company based in Portland, Ore.

1999 - Partners with Conservation International to promote environmentally responsible methods of growing coffee.

2001 - Introduces coffee-sourcing guidelines developed in partnership with Conservation International. Introduces the Starbucks Card.

2002 - Starbucks enters into licensing agreements with national Fair Trade organizations to sell Fair Trade Certified™ coffee in the countries where Starbucks does business.

2003 – Starbucks buys Seattle's Best Coffee Co. who had 129 North American stores and Torrefazione Italia, with 21 stores.

2004 - Opens first Starbucks Farmer support Center in San Jose, Costa Rica. Introduces Starbucks Coffee Master Program to provide Starbucks partners with an opportunity to learn more about the world of coffee, and share their passion with customers and partners.

2008 -Acquires Coffee Equipment Company and its revolutionary Clover® Brewing System.

2009 - Launches innovative VIA™ Ready Brew coffee. Opens Farmer Support Center in Kigali, Rwanda. Becomes the world's largest buyer of Fair Trade Certified™ coffee.

2010 - Starting July 1, all customers at any of the 750 corporate-owned Starbucks locations across Canada can spend all day surfing the web with one-click access. American Starbucks locations have been promoting unlimited Wi-Fi access since mid-June.

Mill Creek Coffee

Try one of our Filtered Water coolers!

- ✓ Go Green – No BPH, lifting heavy bottles, pick up or delivery!
- ✓ Did You Know: 2.7 million tons of plastic are used each year to bottle water with more than 85% of bottles becoming garbage, filling landfills.
- ✓ Did you know that one of our filtered water coolers could save you over \$1000 per year?
